Flemington, NJ 08822

Dear Russell,

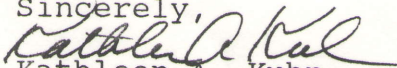

Just a quick note to say Thank you for a job well done. The wiring was exactly how we wanted it and we were all impressed with your efficient, neat and professional workmanship.

Our hardware is yet to be installed, but the cutover at our location across the street went very smoothly. Chris said he had never had an installation go so well. He was very impressed that every station was properly wired from the start.

We will be expanding into the two family house located on the corner of our parking lot. We will certainly give you a call when we need that location wired.

Thanks again.

Sincerely,

Kathleen A. Kuhn
Director of Marketing
